*Introducing our new sensory play foam
- you haven't felt anything like it!*

**VCPF01**

Sensory Play Foam
Primary Colours
5pcs/pack

Unlike clay or traditional modelling dough, our sensory foam is mess free, non-sticky, non-toxic and it air dries quickly.

Its incredibly light, airy texture lends itself to creating all types of art, including very fine details, and can be mixed with our loose glitter to create shimmery finishes. You can even paint it once dry.

**VCPF02**

Sensory Play Foam
Pastel Colours
5pcs/pack

The foam comes in two 5 colour pack options, primary or pastel, with each colour individually packaged in its own container for practical storage between uses.

Be sure to also pick up our new tool kit, containing 8 different modelling tools to help you with your creations.

*Once you try our sensory
play foam, you will
want to keep coming back
for more!*
